**PROJECT DESCRIPTION:** The Melvin L. Davis Oil Co. Inc. has applied for a modified permit for the private Nottoway Motel and Restaurant STP. The applicant proposes to release treated sewage wastewaters at a rate of 20,000 gallons per day into a water body. This modification of the process would allow an increase in the release of treated sewage wastewaters from a rate of 16,000 gallons per day. Sludge from the treatment process will be disposed in the co-located lagoon. The facility proposes to release the treated sewage into an Unnamed Tributary of Nottoway River in Brunswick County in the Nottoway River watershed. A watershed is the land area drained by a river and its incoming streams. The permit will limit the following pollutants to amounts that protect water quality: Organic matter, solids, and nutrients.
